

A close-up photograph of a multi-arm chandelier. The central stem is made of polished chrome and features several decorative elements: a clear glass cube, a black circular ring, a spherical glass ornament with a cracked, marble-like pattern, another black circular ring, and another clear glass cube. The stem branches into three curved arms, each holding a cylindrical glass shade with a vertical ribbed pattern. The shades are illuminated from within, casting a warm, golden glow. The background is dark, making the metallic and glass elements stand out.
