Karim Rashid is a leading design figure with worldwide recognition and clientele. Considered to be an A-list designer, Karim has been working for over 25 years in product, packaging, lighting and interior design. He has won numerous awards and accolades from international companies, publications and universities. He is one of the most prolific designers in history, designing successful products for clients ranging from high-end to mass-market. His philosophy of "democratic design" - design for all - is Karim's personal mantra. Throughout his career he has sought to bring design to the masses by creating affordable, approachable and beautiful objects.
